trioSKINCARE

TREATMENT OF THE MONTH

Change your skin in one day with
A Purity Peel

Restore a more youthful appearance with a dynamic anti-aging therapy designed for problem prone skin. This resurfacing retinol treatment will stimulate collagen production, reduce fine lines and dramatically retexturize the skin while reducing acne breakouts, shrinking pore size and eliminating skin discolorations. Best of all, there's no down time. *A patch test is recommended for sensitive skin types.*

Available this month for 89.00
Regularly \$110.00

Are you setting your skin up for *Sensitivity*?

Every skin has a natural barrier and that barrier is influential in how sensitive the skin becomes. The skin's barrier will decrease for a number of reasons. While over exfoliation is a primary culprit, reduced oil production, decreased estrogen or the daily use of chemical based ingredients, will contribute to the "signs" of sensitivity. These signs may include warmth, redness, flaking, stinging and bumpy skin texture. Did you know that the average person is exposed to around six million chemicals, 2,800 of which have allergic or sensitizing properties? So what are the alternatives? The first step is healthy homecare. Our skincare products build and strengthen the skin's natural barrier. Choose from DNA Cryostem skincare products, Aubrey Organics for personal hygiene and hair care and JK Soul Salt for body and bath care. Our sensitive skin treatments are geared towards calming, soothing and reducing irritation while strengthening the skin barrier. Ask us about DNA Cell Therapy, LED, Ultrasonic Skin Rejuvenation and 100% Collagen Fiber Treatments. *Mention this educational piece and save 20% Off a DNA Cryostick and immediately start strengthening your skin barrier.*

Be ready for that special night *Prom Queen Dream*

Immediately reduce your acne blemishes and dark spots with this combination of ultrasound exfoliation, deep pore cleansing and a skin brightening collagen fiber mask.

*Available in April
& May for \$99.00*

Regularly \$150.00
