New Year, New Technologies, New Skin

Experience overnight skin beauty...

The Micro Lotti Facial

A more sophisticated version of Micro current technology designed to tighten and tone facial muscles and create slight inflammation to stimulate collagen production in the skin. In combination with ultrasonic exfoliation and a hydrating infusion of omega fatty acids the skin is lifted, tightened and hydrated when dry winter skin needs it most.

Regularly \$149.00

January Beauty 411

Friday, January 22nd

6:30 – 8:00 pm

Would you like to know how to finally get rid of lip lines and crows feet and eliminate stubborn brown spots? Learn about our "Terminator" treatments and South Beach Peel by attending trio's Beauty 411. You will meet Daryl Mossburg, R.N. National Educator for the Sciton Laser System and trioSkincare's laser nurse specialist. Daryl will demonstrate and educate on the Sciton system and consult with attendees on the best treatments to correct and repair damaged skin. Exclusive one night offers are available to you and your guests.

You'll Be Smiling Too

LOSE THE RAZOR WITH LASER

Scheduling your consultation is the most important step in losing the razor forever!

One of our consultants will educate you about removing unwanted hair and the importance of customizing a treatment plan for your skin tone and hair type. We will discuss any problem areas that you may have such as razor bumps or ingrown hairs. You will get to see and learn all about how laser hair removal works and have a patch test completed if necessary to get started on your treatments right away.

Our Permanent Hair Reduction Programs include:

- Complimentary Consultation & Patch Test
- 40% OFF Retail Pricing with Package Purchase
- Lifetime Membership in our 50% Off Hair Removal Club

Save an Additional 15% OFF with Purchase of 2 or more Packages.

Offer expires January 31, 2010

Imagine the extra time you would save never having to shave, tweeze or wax. **Imagine** never having razor bumps or razor burn ever again!

Are You Ready to See a Dramatic Change?

South Beach Peel

The South Beach Peel combines 2 superior laser and light based technologies in one phenomenal result packed treatment. Combining BBL Broadband Light "Fotofacial" followed by a Micro Laser Peel "Customized Tunable Resurfacing", patients see a significant improvement in skin tone and texture. Collagen remodeling produces skin tightening for a dramatic reduction of fine lines and wrinkles.

Immediately after a South Beach Peel, you will experience redness and warmth like an intense sunburn sensation. As the energy dissipates from the procedure and exits the skin this warmth will begin to subside. Sun damage pigment will darken immediately after the procedure and appear darker over the following 24 hours. Skin will tighten then gradually begin sloughing by the 3rd day following treatment. Complete recovery takes approximately four to seven days depending on the depth/intensity of the Micro Laser Peel provided. Skin redness can last up to a few weeks following this procedure. Makeup and topical ointments can be applied to minimize the appearance of skin peeling allowing patients to return more quickly to their daily routines. **Regularly \$599.00 each**

Special Introductory Offer \$499.⁰⁰ each

Purchase 2 or more at \$399.⁰⁰ each
