## You'll Be Smiling Too LOSE THE RAZOR WITH LASER

**Scheduling your consultation could be the most important step in changing your life forever!**

One of our consultants will talk to you about removing unwanted hair and the importance of customizing a treatment for your skin tone and hair type. We will discuss any problem areas that you may have such as razor bumps or ingrown hairs. You will get to see and learn all about how laser hair removal works and discuss the cost of your laser hair removal treatments.

At trioSkincare we have developed a cost structure that includes the following:

- Complimentary Consultations
- Treatment Package Plans (40% Off With Prepayment)
- Lifetime Membership (50% Off Single Service Pricing)

**Imagine the extra time you would save never having to shave, tweeze or wax again.**

Packages of 6 treatments  
starting as low as

**\$320.00**

### PUT YOUR BEST FACE FORWARD WITHOUT SURGERY

## Trio Laser Lift®

Actual client photos – series of 3 Trio Laser Lifts

With the comprehensive and innovative technology of the Sciton Laser System, Dr Hicks creates a laser treatment that is specific to each patient's treatment needs. A combination of treatments as performed in a single session of the trio Laser Lift offers dramatic and long term improvements in the texture, tone and tightness of the skin. The trio Laser Lifts combines the very popular ProFractional laser treatment, with Contour TRL and SkinTight, a broad band light (BBL) treatment.

***"I was so excited about the quick results I saw with the laser treatments. I wasn't ready for surgery; I was ready to look as young as I feel. I love the results and would absolutely do it again."*** L.C.
