Beauty 411

The "Ladies Night Out" Event Bringing Beauty Magazines to Real Life.

New Beauty, Allure, Glamour, Elle, Cosmo.....the list goes on. We are inundated with NEW Celebrity "must-haves" and featured #1 products and services. How do we really know what works and what is just advertising that captures our buck but not the result promised?

Here's your chance to gather a group of friends for a fun educational evening to find answers to the questions you haven't had the opportunity to ask. See what makes trioSkincare stand out as a top tier skincare clinic, feel and learn about the products and services that are delivering exceptional results for acne, rosacea, pigmentation, wrinkles, scarring and most importantly....healthy aging! Parties are hosted by our Beauty 411 experts, David Hicks, M.D. Facial Plastic and Reconstructive Surgeon, Rise Sandusky and Victoria Perry, Medical Estheticians and Industry Educators.

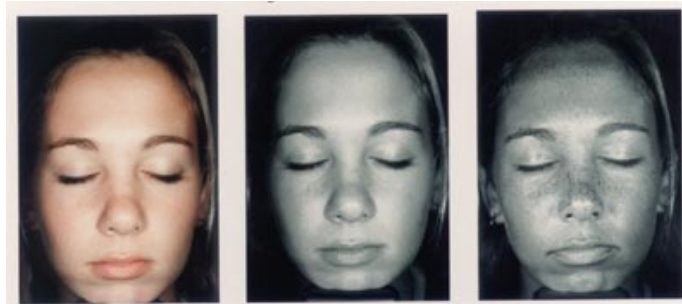

Call today and learn how you can receive a \$500.00 credit toward your favorite "must have" services!

See your skin in a new *Light*

BBL Broadband *Light*

Sun damage begins at a very young age. UV technology used at trioSkincare allows us to see sun damage below the surface of the skin. BBL treatments quickly eliminate skin discolorations and skin redness from Rosacea and sun damage, above and below the surface of the skin with little to no down time. BBL also stimulates skin cells to generate new collagen restoring your skin's natural beauty!
